Winnipeg, Aug. 24.—A case of more than usual interest was heard yesterday morning in the city court, when Daniel Mills, cattle dealer, and his wife, in the instance of Hon. R. F. Roblin, with the Canadian Mounted Police, and the services of Mr. Estevan, and Chief Elliott, of the provincial police, as he was charged with having been sent and got into the states. Mills has been engaged in cattle business—indeed, it is well known throughout Manitoba and the Territories. In November, 1898, he had entered into a partnership and were doing a large cattle business in Winnipeg, and had sent to the States the funds for the carrying on of business while he remained in Europe to make the inspection of the stock. On the occasion of Mr. Roblin's arrival, he was informed that as far as he could hear of the premier's departure, Mills did not know where he had gone, contrary to the agreement that had been entered into between them at the time of their co-operation in business. These cattle were sold considerably less than their market value, and no one of the money received was forwarded to Mr. Roblin's keeper. On or about August 1, Mills left Canada, and obtained passage on the steamer "Coburg," bound for Europe. He had some \$4000 in his pocket, he told the court, and when obtained the passage he paid \$4000 for the further trip he left for the States on Thursday. But in the meantime he was arrested, and Chief Elliott arrested him at Estevan and he was brought to Winnipeg. The cattle, worth \$12,000 which were purchased by Davis & Co., were taken from the steamer of \$6000 or just half their value. Mr. Jenkins and Mr. Meille Ironside, who were here to represent the steamer, were asked for \$12,000 for about \$1200. Mills is also alleged to have endeavored to conceal his true purpose in leaving the country, and to have failed to do so, as he was found on hand in Winnipeg. On being asked if he had made no statement, he said he had a letter written, but it was of course locked, but the key could not be found. The information laid before the court was that Mills had left on about August 15, 1901, did unlawfully return from the States, and had concealed the property of co-partnership of that defendant and himself.
